WAKE

Now is the time to wake up your liver.

It's the time when all nature wakes up and the whole human system undergoes a change.

UP Your future health depends largely on the present action of the liver, which ought to be very active now, to throw off any impurity. To get YOUR liver to work, you should take Simmons' Liver Regulator.

—Nature's own remedy—purely vegetable, it gives new life to the whole body.

OFFICIAL PAPER OF THE COUNTY.

THURSDAY MORNING, MAY 25, 1893.

THE so-called "revolution" in Cuba has completely fizzled out.

MONEY, like a good many people in New York, is reported tight.

JOHN SHERMAN refuses to endorse the Dwiggin-Starkbank system of banking.

THE trouble at the World's Fair just now seems to be this: there are too many bosses, male and female.

LONDON has only one failure, that of R. Hodgson & Sons, brokers, during the recent financial flurry in this country.

THE Geary Chinese Exclusion law can never be enforced with the empty treasury left by the Harrison Administration.

REV. DR. BURROWS, the leading Presbyterian clergyman in Chicago, favors the opening of the World's Fair on Sunday.

THE Mansfield Shield thinks it would be a good idea to exhibit the remains of the g. o. p. at the World's Fair with other antiquities.

THE Whisky Trust must be in a bad condition financially, when they are trying to borrow a million dollars to pull them through.

THE Chinese now say they are willing to register rather than being shipped back to their native land. All they want is a little time.

IT is stated in Rome that Mgr. Salotti has represented that Catholic laymen in America want an American Legion at the Vatican.

GOV. MCKINLEY has been appointed a member of the Board of visitors to the Naval Academy at Annapolis, but the Governor thought proper to decline.

KASER WILHELM's utterances are not as wild and warlike as they were a few weeks ago. He has discovered that the German people cannot be scared.

INSURANCE companies are raising their rates, in consequence of the increased risks growing out of introducing natural gas and electric wires in buildings.

THUS far the South has taken the lead over the North in securing Embassadors, Ministers and Consuls to foreign countries—the count standing: the South, 23; the North, 19.

ON the first of June all two of the thirteen districts in Peoria, Ill., will be shut down by order of the whisky trust officials. Too much stock on hand is assigned as the reason.

A DESTRUCTIVE fire visited Saginaw, Mich., on Saturday, and swept everything in its path, 275 buildings being in ashes. Scores of families lost their all. Total loss about \$1,000,000.

CHARLES V. GOODRICH, of Hancock county, not only obtained a divorce against his wife Loretta, but was granted \$250 alimony. This was the first case of alimony being allowed to a man in Ohio.

CINCINNATI wants the Democratic State Convention, and her people have subscribed \$7,000 for the entertainment of the body. The Democratic leaders generally favor a late convention.

"SLIM attendance at the Fair," is an announcement that heads most of the dispatches from Chicago. It is proper to state that inclement weather has had a good deal to do with this condition of affairs.

THE trouble in the musical department of the World's Fair has culminated in Musical Director Thomas being requested to hand in his resignation. Thomas ignored the request, and made no reply.

THE Bridges "heresy" case is now being heard before the Presbyterian General Assembly at Washington. A red-hot discussion is in progress. The Sunday opening of the World's Fair is also up for discussion.

CHARLES S. ROGERS, the millionaire President of the St. Paul Cordage Company, committed suicide by jumping from a bridge into the Mississippi river on Friday last. Business troubles unbalanced his mind.

AN explosion occurred in the Charles L. Pope glucose factory at Geneva, Ill., May 17, which caused the death of six persons. The cause of the explosion will never be known, as no man is living to tell the tale.

A CONCERT was given by the Irish Home Rulers in New York on the evening of the 17th, for the benefit of the Irish Parliamentary party, led by John E. Redmond, and the handsome sum of \$10,000 was realized.

THE General Assembly of the Presbyterian church, now in session at Birmingham, appointed an anti-Bridges committee to consider the charge of "heresy" against the Rev. Dr. Briggs. This is "organizing to convict."

THE Young People's Society of Christian Endeavor of Boston, have sent a telegram to H. N. Higginbotham, President of the World's Columbian Exposition, announcing that they will boycott the Fair if it is opened on Sunday.

B. F. CLARKE, the Chicago real estate agent, who was foreman of the jury in the celebrated Cronin murder trial, a few years ago, made an assignment on the 1st of May, and soon afterwards disappeared. It is claimed that his shortage is over \$50,000.

OHIO is, as usual, in the lead. A Buckeye citizen cut down a valuable rose bush because it insisted on opening its buds on Sunday—*Plain Dealer*. It was a Western Reserve paragon who shot his dog because he barked on Sunday during family worship.

YOU are not compelled to "take in" the World's Fair on Sunday, when you visit Chicago. You have the glorious privilege of going to church or to a saloon. These are always open.

THE gospel is free, but beer and whisky are dispensed at the old rates.

IN consequence of that dog bite received by Judge Pugh of Columbus, he has retired temporarily from the bench, and has gone to New York to place himself under treatment at the Pasteur Institute. At last advice he was believed to be out of danger.

SENATOR SHERMAN professes to be opposed to Bossism, and he declares that if the system that prevails in New York under Boss Platt and in Pennsylvania under Boss Quay, were attempted in Ohio, the Republicans would rise in revolt. A good many people believe that when John Sherman was re-elected United States Senator, and gave his personal attention to the contest before the Legislature in Columbus, the worst kind of "Bossism" was practiced.

THERE is an intensely bitter feeling among the people of South Carolina, growing out of the lynching of the negro Peterson at Denmark, charged with raping a white girl. Although the girl failed to identify Peterson as her assailant, still the infuriated mob were determined to lynch him under pretense of "giving security to their families."

Lynching a guilty man is bad enough in all conscience, but in this case it was a flagrant murder, which is loudly condemned by the better class of white people, not only in South Carolina, but all over the Southern States. It is no wonder that the negroes are excited, and fears are entertained that they will resort to violent measures to avenge the cowardly killing of one of their number.

THERE is trouble among the Sherwoods and Clarks, of Canton, Mrs. Kate Sherwood, wife of Gen. J. R. Sherwood, editor of the *New Democrat*, and formerly Secretary of State, and Congressman from the Toledo district, and Mrs. Ada F. Clark, wife of Col. J. J. Clark, had a difficult growing out of the alleged management of the Woman's Relief Corps of Mrs. Clara Gen. Sherwood made some pungent remarks in his paper about the matter, whereupon he was attacked and badly injured by Col. Clark. Subsequently a son of Gen. Sherwood and a son of Col. Clark had a fight about the matter, and both were arrested by the police. The end is not yet.

THERE are no less than seventeen candidates for Collector of Internal Revenue in this district. Their names are: Edmund Turner, David Lorchach, of Waverly; Jas. W. Newman, of Portsmouth; John A. Niggen, of Chillicothe; Benj. F. Clark, of London; Wm. A. Conolly, of Portsmouth; A. R. Van Cleave, of Circleville; C. L. Pugh, of Columbus; Thomas Y. McCray, of Mansfield; John McNamara, of McArthur; Albert Geis, of Zanesville; H. P. A. Finley, of New Straitsville; S. M. McMillen, of Springfield; W. H. Wolf, of Lancaster; W. B. Brown, H. H. Vallette, John Gaylord and Edson L. Shaw, of Lancaster.

SECRETARY CARLISLE, in speaking of the recent Bank failures, said that banks were evidently in bad condition and failed of credit without any connection whatever with the general condition of the country. Comptroller Eccles said, without exception, reports from the failed banks showed that their officers were engaged in outside business or speculation and used the funds of the bank for their individual purposes.

THE Spanish Princess who has come among us, is called "Infanta," after her custom in Spain and Portugal, where that title is given to all daughters of the King except to the eldest, when she is herself apparent. The masculine form "Infante" is given to all the sons of the King except the eldest. The Infanta Eulalie, who is now being honored in this country, is a pretty old girl and owns a husband, the boy King of Spain calls her "Auntie."

THE bill for the entertainment of the Duke De Veragua, the descendant of Christopher Columbus and his party, at the Auditorium, Chicago, for the first week—\$25,000—was sent to the State Department at Washington for payment. If the Duke stays in Chicago until the first of October—22 weeks—the expense will not foot up about \$55,000. Loyalty comes high this year, but we must have it, and what's the use of kicking?

WE had supposed that Dr. Talmage's church troubles were over, but it seems we were mistaken. Only pressing demands were provided for, leaving the heavy church debt still unpaid. And now comes another three from the reverend pastor that if the debt is not soon wiped out he will withdraw from the church. The New York *World* may take a notion one of these days to adjust Dr. Talmage's church troubles.

LATER, The Tabernacle debt has been paid, and Dr. Talmage is as happy as a bird in the hand.

A. V. DePort, said to be the wealthiest man in Louisville, a member of the famous family of DuPonts, powder manufacturers of Delaware, died a few days in a resort kept by a Mrs. Payne, and his body was buried at his old home at Wilmington, Del., for interment. The belief is that he was murdered, but all efforts to secure an investigation have been defeated.

WHILE Mr. Gladstone was going from London to Chester, last Friday, some cowardly miscreants threw a stone through the window of a railroad coach in which he was riding, but fortunately it did not strike him. The Tory enemies of Home Rule in Ireland, by their brutal and disgraceful conduct, are only injuring themselves and helping Mr. Gladstone and his cause.

FIREST destroyed Louis Sands' lumber camp near Lake City, Mich., on Saturday. Forty-nine out of sixty men escaped uninjured. One was seriously burned, and ten are dead. Of these eight took refuge in a well, and were crowded under the water, and were curbing falling in on them and burning. Two tried to run the gauntlet, and were burned to a crisp.

THE entire General Assembly of the Presbyterian Church called upon the President and Mrs. Cleveland on Friday. Dr. Clark, the Moderator, made a brief address, to which the President replied in his usual happy manner. The entire body, numbering 2,500 persons, were presented to and shook hands with Mr. and Mrs. Cleveland, and went away happy.

THE Democracy of Licking county, in Convention, on Saturday, selected delegates to the State Convention as follows: Ike Hill, J. H. Newton, Waldo Taylor, J. D. Jones, A. Stewart, A. Best, Wm. A. Deaton, Wm. Bell, Jr., F. B. Dudgeon, C. S. Brady and H. J. Buxton. The Convention endorsed Judge S. M. Hunter for Supreme Judge.

A REPORT comes from New York that Mrs. James G. Blaine, Jr., will soon marry Dr. Wm. T. Bull, her physician during her recent illness. To enable her to do so she will have to renounce her religious faith, as the law in the Catholic Church forbids the marriage of a divorced person while their former husband or wife is living.

DANIEL MERCER, of Bowling Green, Ohio, sent his son-in-law to Samaria, Mich., to collect a note of \$1,275. He secured the money and placed it in an envelope in his pocket. When he returned home the money was gone, his coat having been cut and the package removed. This did not occur in Chicago.

THE appointment of William H. Pugh of Cincinnati, to be Surveyor of Customs of the Treasury Department, was brought about by the joint recommendation of Senator Bruce and ex-Governor Campbell. Mr. Pugh is a nephew of the late Senator Pugh, and is one of Cincinnati's leading lawyers.

MARIETTA had a terrible double tragedy on Saturday, George Lankford of that town, six months ago, married a sporting woman, but never married and constant quarrels ensued, which ended on Saturday by Lankford shooting and killing his wife and then shooting and killing himself.

WHILE a party of five young men were walking along the Pan Handle track at Blacklick, last Thursday night, a passenger train came suddenly upon them, and three of the number, David Devore, John Atwood and Owen Myers, were instantly killed.

A Royal Welcome to the Infanta. The Infanta Eulalie, the official representative of Queen Regent Christina of Spain, arrived at the port of New York on Friday, and was immediately landed in Jersey City, and soon afterwards she and her suite were conveyed to the Pennsylvania Railroad station, where they took a train for Washington City, at which place they arrived at 8:40 in the evening. Here the party met with a royal reception. An immense crowd of people assembled at the depot, and the cheers were long and loud. President Cleveland sent his elegant carriage, drawn by four magnificent bay horses, to receive and convey the Spanish lady under the special escort of his representative, Secretary Gresham, to the Arlington Hotel, where elegant quarters were provided for the Infanta, her husband and suite. She was delighted with the attentions bestowed upon her, and along the route of travel through Pennsylvania Avenue she kept up a continuous lively conversation in English with Secretary Gresham. The apartments of the royal party at the hotel were handsomely decorated with flowers, the most conspicuous tribute being from Mrs. Cleveland, consisting of a huge basket of magnificent American Beauties, orchids and lilies of the valley.

ON Saturday morning the Infanta paid her respects to the President and Mrs. Cleveland, and received a most cordial greeting. In the afternoon Mrs. Cleveland "returned the call." The Infanta is delighted with the generous welcome she received at Washington.

ON Sunday, the Princess privately attended St. Matthew's Catholic Church. On Monday she had her "picture taken," and looked into Uncle Sam's big treasury vaults. On Tuesday she went to the city of the Washington Monument and "viewed the landscape over." On Wednesday she visited the home of the late George Washington at Mt. Vernon. She is happy, and requested a serenading band to play the "Star Spangled Banner."

THE Pensioners at Washington, who have become rich by manipulating bogus pension claims, are first and foremost because the present officials at Washington are determined to put a stop to their swindling operations. In connection with this subject, the Philadelphia *Record* asks this pertinent question: If a pension agent could by continued fraud successfully cheat the Government out of \$100,000, what would the probable sum total be if investigation should be pursued to the limit as to the operations of all the pension agents? It is the opinion of very many of the veterans of the war that one-third of the money paid to pensioners goes to undeservers.

A terrible tragedy occurred in the court room at Danville, Ind., on Friday. Cooley Brown, President of the Lebanon Gas Company, had a case in court and Samuel Wesner was an attorney against him. There was a bitter feeling between the parties, which culminated in a bloody encounter. Wesner drew a dagger, while Brown drew a pistol and shot him dead in an instant. The affair created intense excitement. A mob was organized at Lebanon to lynch Brown, but before they reached the jail he was removed to the prison at Indianapolis. The end is not yet. Both men were prominent citizens of Lebanon, Brown being the richest man in Boone county.

N. B. MANTANA, aged 70 years, of Woodland, Cal., sold his farm for \$4,000, and with the money in his pocket, started for Coblenz, Germany, the place of his nativity. When he reached Chicago, he started the Fair, and while in the crowd, had all his money stolen.

THE war in Nicaragua is progressing. On Saturday there was a twelve-hour battle between the revolutionists and the government forces, and the latter were driven from the field, completely beaten and demoralized.

It is intended especially for coughs, colds, croup, and whooping cough, and is the most effective remedy known for the diseases. Mr. C. B. ELOPED WITH HIS GIRL'S MOTHER.

Young Gurnee and Mrs. Atkins Pay the Fair a Visit.

BUFFALO, May 18.—Chicago World: Fair visitors last week included a bridal party which left this county under circumstances which have excited the little town of Angelica, a few miles from this city. The departure of the couple took the form of an elopement on the eve of the day appointed for a marriage, but the woman who went to Chicago to enjoy the sights was not the bride for whom preparations had been made. It was her mother. Three years ago Leander Gurnee sought employment on the farm of John Atkins, three miles from the village of Angelica. He was then 19 years old and fairly good looking. Farmer Atkins' second wife and in the course of six months the young fellow had courted and won the hand of Ellen Atkins, the farmer's daughter. The date of the wedding was set for the first of June, but a week before the event was to take place Farmer Atkins died. Out of respect for his memory the wedding of the young folks was postponed for one year. This would have brought about the marriage Wednesday. During that time Gurnee had been most assiduous in his attentions to Ellen, and had no shadow of doubt of his unfaithfulness fall upon her. But upon the day before the wedding young Gurnee and Mrs. Atkins, mother of the prospective bride, gathered up all the available funds and stealthily departed from Angelica while the bride-elect slept. The old man had bequeathed all his property to his daughter, but only a part of it was negotiable at the time of the elopement, so Miss Atkins still has possession of the most of it. The eloping couple took about \$1,000 in cash and a few pieces of jewelry. It is supposed that the elopers went to Chicago to see the World's Fair, as Gurnee had secured transportation for himself and wife to that city. Miss Atkins at first refused to credit the story, but when convinced of its truth sent her wedding dress to the city. She will take no action to have the pair apprehended and will let them be happy if they can be. The elopers, however, are prepared to serenade the elopers if they return to the village to live. Gurnee has worked as a printer.

EAT HIS OWN DAUGHTER.
Horrible Case of Cannibalism Reported From Canada.

MONTREAL, May 18.—The following details have reached here of the story of cannibalism already reported briefly. Last night the members of an Indian tribe called the Nascapott, situated on the river for their winter hunt around the river St. Marguerite, below Quebec. Among the members of the tribe was a young man, aged 16. The hunt proved a failure, the party hastened to return as quickly as possible, and after enduring hardships and starvation the members of the party reached a point in the wilderness some sixty miles distant from their homes. Weak and famished, without a morsel to eat, they were in a desperate condition.

The father of the girl resolved to sacrifice her to preserve his own life, and one morning, when his companions were nearly frozen with the cold, he killed the daughter and appeased his hunger. Her sister, who was also present, refused to take the miserable man with them, and at last accounts he had made his way to the settlements and the probability is that if he has survived he is keeping away on account of his crime.

The other girls succeeded in getting back to their homes more dead than alive, and later the terrible story was related to the Rev. Mr. Maltais, curate of St. Etienne du Saguenay, who then notified Coroner Safford, of Pointe des Monts, with a view to an investigation.

While Mr. T. J. Richey, of Atlanta, Mo., was traveling in Kansas, he was taken violently ill with cholera morbus. He called at a drug store to get some medicine and the druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy so highly he concluded to try it. The result was immediate relief, and a few doses cured him completely. It is made for bowel complaint and nothing else. It never fails. For sale by G. R. Porter & Co.'s Eagle Drug Store and Porter's Palace Pharmacy.

AN AKRON MURDER.

A Saloonist Shot Down in Cold Blood for Trying to Collect a Bill.

AKRON, O., May 18.—Charles Keenan, aged 19 years, shot and killed John Hutt, aged 33 years, in Hutt's saloon on Wooster avenue this afternoon. From evidence at hand it would seem that the crime was a premeditated and cold-blooded murder. For some time young Keenan has owed Hutt a saloon bill of \$2.50. Last night Hutt went to Keenan's boarding house to collect the amount. The young man refused to pay it and blows were narrowly averted. Hutt, used some pretty severe language and Keenan vowed vengeance.

This morning he stated to Harry Dotson and William Schreiber that he intended to kill Hutt before night.

He carried out his threat. About 3 o'clock this afternoon he went to the saloon and entering through a rear door he encountered the proprietor, John Hutt, at the bar. Hutt, who was alone, drew his revolver. Taking deliberate aim at Hutt's head, he fired. The ball, of the wedding 28-caliber, crashed through Hutt's temple, killing him almost instantly. Keenan ran out of the back door, and on his way back to his boarding house, got his hat and started for the woods. Two officers in a patrol wagon were soon on his track and encountered him about a mile from where the shooting took place. They came upon him suddenly and Keenan attempted to draw his revolver, but the officers were too quick for him. He was covered in an instant and obliged to throw up his hands.

Keenan's two brothers and an aunt living at Akron. Until recently he worked at the diamond match factory.

THE TALLEST IN THE WORLD.
Will be a Sky-Scraper Office Building on Broadway, New York.

New York, May 18.—An out-and-out skyscraper is now building at 64, 66 and 68 Broadway, and it is designed to be the highest office building in the world, and the highest building for any purpose in this country. It is being erected for a life insurance company. This building will have a frontage on Broadway of a trifle more than 67 feet, with 119 feet depth on the North line and 125 feet depth on the South line. The building proper is to be 16 stories high on the Broadway front and 17 stories high on New Street. It will have a height of 242 feet from three Broadway sidewalks to the top of the main roof, and a height of 253 feet from New Street. The main roof of the building is a tower terminating in a dome, increasing the height of the building from the Broadway sidewalk to the top of the dome to 347 feet. The distance from the base of the foundation to the top of the dome will be 408 feet.

The steel skeleton construction now used universally for tall buildings consists of walls no thicker than would be required for the same height of a building. An old principle, used exclusively heretofore in bridge-building, is being applied to secure a stable foundation for this skyscraper. It is the sinking of caissons to bed rock, 55 to 60 feet below the level of Broadway. These caissons are of the form of immense chambers or tanks, varying in size according to the loads to be carried, and about 11 feet in height. On them brick work is built as the caisson sinks in the ground, and until it reaches the rock level. Then the chamber is filled with the strongest kind of concrete.

A Strange Freak.
The wife of our esteemed citizen, Mr. John Rowell, while suffering under a severe attack of the blues, tried to commit the crime of infanticide, but was prevented by the opportune arrival of a neighbor, who called the attention of the best doctors in the city, but her husband was highly pleased, after using a course of Sulphur Bitters, to find that she was entirely cured. Kingston Herald, May 25-26

Horrible Case of Cannibalism Reported From Canada.
MONTREAL, May 18.—The following details have reached here of the story of cannibalism already reported briefly. Last night the members of an Indian tribe called the Nascapott, situated on the river for their winter hunt around the river St. Marguerite, below Quebec. Among the members of the tribe was a young man, aged 16. The hunt proved a failure, the party hastened to return as quickly as possible, and after enduring hardships and starvation the members of the party reached a point in the wilderness some sixty miles distant from their homes. Weak and famished, without a morsel to eat, they were in a desperate condition.

The father of the girl resolved to sacrifice her to preserve his own life, and one morning, when his companions were nearly frozen with the cold, he killed the daughter and appeased his hunger. Her sister, who was also present, refused to take the miserable man with them, and at last accounts he had made his way to the settlements and the probability is that if he has survived he is keeping away on account of his crime.

The other girls succeeded in getting back to their homes more dead than alive, and later the terrible story was related to the Rev. Mr. Maltais, curate of St. Etienne du Saguenay, who then notified Coroner Safford, of Pointe des Monts, with a view to an investigation.

While Mr. T. J. Richey, of Atlanta, Mo., was traveling in Kansas, he was taken violently ill with cholera morbus. He called at a drug store to get some medicine and the druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy so highly he concluded to try it. The result was immediate relief, and a few doses cured him completely. It is made for bowel complaint and nothing else. It never fails. For sale by G. R.
